

# Are You Fucking Your Ex

Eels

Where were you  
When I called last night?  
Disappeared  
We didn't even have a fight  
My love is strange

Everything feels broken now  
Don't know for sure just know somehow  
My love, it's done

I'm all alone  
In a house of horror  
Evil looks  
From the darkest corner  
My heart is black

I get it, everyone likes sex  
But I need to know  
Just what is going on the late night South  
The days you disappear  
I have to ask, "Are you fucking your ex?"

Where were you  
When I called last night?  
Disappeared  
We didn't even have a fight  
My love's so strange

I get it, everyone likes sex  
But I need to know  
Just what is going on in the late night South  
The days you disappear  
I have to ask, "Are you fucking your ex?"

Are you fucking your ex?  
Are you fucking your ex?  
My love's so strange
