

Bone Dry

Eels

In my dream I see you there
Your eyes fixed in a vacant stare
A little laugh, a crooked smile
Don't lift a finger while I lay dying

Bone dry
You drank all the blood
My heart is bone dry
Can't give you more
'Cause you took all of it
Sha-la-la

Was a day when I did believe
The things you say are what you mean
Dear sweet, innocent me
How much it took for me to finally see

Bone dry
You drank all the blood
My heart is bone dry
Can't give you more
'Cause you took all of it
Sha-la-la
Sha-la-la

Shoo-bee-doo bee-doo bee-doo
Shoo-bee-doo bee
Shoo-bee-doo bee-doo bee-doo

What becomes of men like me
Drifting off, lost at sea
I set a fire, look up for it
Looking for me, I'm a pink sunset

Bone dry (Sha-la-la)
You drank all the blood
My heart is bone dry (Sha-la-la)
Can't give you more
'Cause you took all of it
Sha-la-la

Bone dry
Sha-la-la
Bone dry
You took all of it
Sha-la-la
Sha-la-la
Sha-la-la
Sha-la-la
