

Daisies of the Galaxy

Eels

F C Em D

F **C**
Take heart, my little friend
Em **D**
And push back your seat
F **C**
Soon we'll be far away
Em **D**
Far from the street
F **C**
Where you learned how to be
Em **D**
Not what you are

Up on the shoulder
There is a town
With a little motel
And an old movie house
We'll go to a movie
Whatever it is
Watchin' the movie

F C Em D

The world's gonna end
for each verse
And there ain't no place for
same as above
A boy and his friend
To go
I'll pick some daisies
From the flower bed
Of the Galaxy Theater
While you clear your head
I thought some daisies
Might cheer you up
