

Let's Be Lucky

Eels

What a mess
I gotta guess
That it's only getting worse
I plow ahead
The motor's dead
Or it's stuck in reverse

It's a bummer
But it's still summer
It would be a shame
To waste a day like this

Let's be lucky

Scraping by
Had to try
Anything for a buck
Climb out of bed
And look ahead
Sometimes you gotta make your own luck

Stomp and cheer
Well, I'm still here
And you're not gonna see me
Throw away a day like this

Let's be lucky
Let's be lucky
