Eels

I wanna see paris  
Insane on the sine  
I wanna do that bull run thin in spain  
I wanna go to england  
And walk down penny lane  
Half a pint an island  
May wash away my pain

I'm stuck in mud  
Spinning my wheels  
And I'm all alone  
On the road  
To nowheresville

I wanna meet a little girl  
With french horn lips  
And introduce her to my trip  
I'll make her smile on the nile  
Hold her hand in japan  
But last things first for all my plans

I'm stuck in mud  
Spinning my wheels  
And I'm all alone  
On the road  
To nowheresville

I'm on my way  
I'm almost nowhere  
I'm almost everything I swore I'd never be  
When I get there  
Then I'll go somewhere  
I'm going to pay my last respects and get the  
Hell out of there  
Out of nowhere

I'm stuck in mud  
Spinning my wheels  
And I'm all alone  
On the road  
To nowheresville  
Spinning my wheels  
And I'm all alone on the road to nowheresville  
Nowheresville
