

Steam Engine

Eels

Well

Chuga chuga chuga chuga chuga chuga chuga

Steam engine

Rolling down the tracks

Station bell ringing

Gotta hurry back

Steam engine

Running outta steam

Go out with a bang now

Do you know what I mean?

My daddy drank it black and so do I

Another day, another coffee and the years go by

Too much [?] and not enough honey

Makes baby grumpy baby with a grudge to feed

Steam engine (steam engine)

Rolling down the tracks (rolling down the tracks)

Station bell ringing (gotta hurry back)

Gotta hurry back

Steam engine (steam engine)

Running outta steam (running outta steam)

Go out with a bang now

Oh man, what a [?]

Sister said she's coming, she won't let me down

She knows my days are numbered and she wrote the number down

[?]

Mama gonna dance, just look at her move

Watch her move

Says I like it like that

Oh, she does

Steam engine (steam engine)

Rolling down the tracks (rolling down the tracks)

Station bell ringing (gotta hurry back)

Gotta hurry back

Steam engine (steam engine)

Running outta steam (running outta steam)

Go out with a bang now

Yeah, that would be a scream, see my engine gleam
