

## Sweet Scorched Earth

Eels

I love the way your hair falls on your eyes  
And the way the sun hits them as it dies  
There's poison in the water and the sky  
We'll hold onto each other if we fry

It's you and me forever, together  
For all that it's worth  
As long as we last on this sweet, scorched Earth

I love that you're my best friend and my wife  
And I love our little family and our life  
There's poison in the hearts of cheerless men  
I only want to see it come to an end

It's you and me forever, together  
For all that it's worth  
As long as we last on this sweet, scorched Earth
