

AWKWARD FREESTYLE

Eem Triplin

Mm-hmm, and I said fuck it
Guess all that shit we been through
It just don't add up to nothin'
'Member times, I bought that bank out, just so I can get you somethin'
'?
Invested all this time and you just left with no discussion
Same bitch that stabbed my back said "I won't fold on you for nothing"
It's like we made some plans and I showed up but you ain't come
What's the point of building bridges if they burn, she up and run
Guess I'm gon' count these funds again
Getting money my only fun

Can't wait 'til I blow up just like a TNT (A TNT)
Just tell me how you feel and what you see in me (What you see in me)
