

FEEL BOUT ME

Eem Triplin

Haha

Yeah, yeah, yeah

You ain't like me back then

Then the bag came in

Now you startin' to give a fuck 'bout me (Yeah-yeah)

I heard you had a mans, so I'm talkin' to your friend

When y'all finished, y'all can come to me and talk about it (Talk about, yeah)

I hope you understand, if it wasn't for your man

Then we woulda been out ballin' like the gym (Like the gym, yeah)

I think I understand what you feel about me (What you feel)

I ain't trippin' 'bout no ho, because the money got me (Yeah-yeah)

She said she leavin' me again (She said she leavin' me again)

She told me that she leavin' me for him (She said that she leavin' me for him)

Shit, I thought that we were better off as friends, anyway

I know that I can get you back again any day

Long days and long nights for you baby (Uh, yeah)

You think I knew a nigga right for you, bae

I know you too and was right for you, bae

You play it cool but you fighting for it crazy

These hoes be out to get me

That's why I keep a trojan on my shit when I go in it

I don't look at the tag 'cause if I want it, I'ma get it

Don't bring me 'round your ho, 'cause if I want it, I can hit it

I say all that I want, can't give a damn if you offended

And my money gettin' larger, standin' taller than a midget

I had to run it up, I had no choice to go and get it

You wasn't there to hold me from the start until the finish

You ain't like me back then

Then the bag came in

Now you startin' to give a fuck 'bout me (Yeah-yeah)

I heard you had a mans, so I'm talkin' to your friend

When y'all finished, y'all can come to me and talk about it (Talk about, yeah)
