

She told me, "Boy, I don't need ya
Why would I think that you need me?"
She broke my heart when I seen her
Acted like she did not see me
Done fuckin' round with these thot hoes
But you would never believe me
All these bitches wanna keep me
But I want you all to me, me
Now that she out living freely
Nini out here gettin' neeky
Ever since she got her heart broke
Gigi never wanna see me
Outside takin' shots
Drinkin' Hennessy like it's the Fiji
If you down, take a round
Baby, you could call me when you need me

If you held it down for no reason
Ain't gone for too long
Girl, you know that I'm feenin'
Can't be without you, can't think without you, can't sleep without you
Can't dream without you, can't eat without you, been on my mind
Can't be without you, can't think without you, can't sleep without you
Can't dream without you, can't eat without you, been on my mind
On my mind
Been hard to find
Baby, it's hard to sleep
When you're not with me

She told me, "Boy, I don't need ya
Why would I think that you need me?"
She broke my heart when I seen her
Acted like she did not see me
Done fuckin' round with these thot hoes
But you would never believe me
All these bitches wanna keep me
But I want you all to me, me
Now that she out living freely
Nini out here gettin' neeky
Ever since she got her heart broke
Gigi never wanna see me
Outside takin' shots
Drinkin' Hennessy like it's the Fiji
If you down, take a round
Baby, you could call me when you need me

All these missed calls
Knowing that I miss y'all
Take you shopping, I'll take you to the thrift store
You know I got hoes, but they ain't got shit on ya
Love to be yourself, ain't scared to tell me who you are
Tell me 'bout your day and all the drama at your job, girl
I ain't being selfish, I ain't playin' with your heart girl
Never let these bitches get between me and my star girl
Ain't mean to break your heart, girl, but can I get unblocked, girl?

She told me, "Boy, I don't need ya

Why would I think that you need me?"
She broke my heart when I seen her
Acted like she did not see me
Done fuckin' round with these thot hoes
But you would never believe me
All these bitches wanna keep me
But I want you all to me, me
Now that she out living freely
Nini out here gettin' neeky
Ever since she got her heart broke
Gigi never wanna see me
Outside takin' shots
Drinkin' Hennessy like it's the Fiji
If you down, take a round
Baby, you could call me when you need me
