Eem Triplin

Yeah (Yeah)

I know I can do it by myself (Oh, yeah)  
Crackers in my phone, I ain't givin' them no help  
Even with nowhere to go, Ima find myself somewhere  
Even with nowhere to go, Ima find myself somewhere  
Told her, "Keep it on the low, I ain't takin' you nowhere" (Uh-uh)  
Told her, "Keep it on the low, I ain't takin' you nowhere" (Nah)  
Baby, I'm a loner, I ain't goin' out nowhere (At all)  
Baby, I'm a loner, I ain't goin' out nowhere (Ayy)

Baby, I'm a sober kid, I can't be a stoner (Ayy)  
She said she can't handle it, she hate bein' sober (Ayy)  
She said she can't feel shit, drugs take her over (Ayy)  
But baby, what you finna do? Were you back to sober? (Ayy)  
Take that shit again and again, baby, relax, relax  
Take a break, do it again, that's a relapse, relapse  
Now you tweakin' off that shit because you need that, need that  
Wish you had relaxed, I really hate to see that, see that
