

The Devils In The Chemicals

Ego Likeness

The devils in the chemicals
The demons in the DNA

I've got this darkness in me
And there's no one to blame
It's just my human nature
It's just my human stain

With curses on the tongues of angel's
And poison in the wishing well's
Our karma's burning down the temples
Without your soul
What will you sell?

The devils in the chemicals
The demons in the DNA

I've got this darkness in me
And there's no one to blame
It's just my human nature
It's just my human stain
