

After Dark

Egzod

I've lost my heart on emptiness
My body's getting numb
I try to find my way back, overcome
It's me I'm running from

Whatever works
For breaking the silence
Stealing the moon
A peaceful reminder

Whatever works
For breaking the silence
Stealing the moon
A peaceful reminder
After dark
After dark
After dark

Whatever works
A peaceful reminder
Reminder

I broke my soul, it ripped apart
Like ashes in my hands
Try to make the pieces fit again
Like castles in the sand

Whatever works
For breaking the silence
Stealing the moon
A peaceful reminder

Whatever works
For breaking the silence
Stealing the moon
A peaceful reminder
After dark
After dark
After dark

After dark

Whatever works

After dark

Whatever works
For breaking the silence
Stealing the moon
A peaceful reminder

Whatever works
For breaking the silence
Stealing the moon
A peaceful reminder
After dark
After dark

After dark

Whatever works

Silence

Reminder

After dark
