

# Paper Crowns

Egzod

Take what you want from me  
I'll give you everything  
All that and more you'll see  
Just stay right here with me

Love is my fiction but this time the story's about  
A King and a Queen will pretend to be with paper crowns

With paper crowns  
With paper crowns  
With paper crowns

You don't wanna leave (Yeah, yeah, Yeah)  
I'm not one to give (Oh, Oh, Oh)  
Got no enemies  
Out of our fortress with paper crowns (Ouh, Ouh, Ouh, Ouh)

Take what you want from me  
I'll give you everything  
All that and more you'll see  
Just stay right here with me

Love is my fiction but this time the story's about  
A King and a Queen will pretend to be with paper crowns

With paper crowns  
With paper crowns  
With paper crowns

A king and the queen will pretend to be with paper crowns
