

# Royalty

Egzod

Say I'm cold-hearted  
But I'm just gettin' started  
Got my eyes on the target  
Now, now

(Oh, oh, oh)  
'Til the battles won  
'Til kingdom come  
(Oh, oh, oh)  
I'll never run

Best to give me your loyalty  
'Cause I'm takin' the world you'll see  
They'll be callin' me, callin' me  
They'll be callin' me royalty  
Best to give me your loyalty  
'Cause I'm takin' the world you'll see  
They'll be callin' me, callin' me  
They'll be callin' me royalty

They'll be callin' me royalty

They say I'm dangerous, 'cause I  
Broke all the cages  
No I, won't sit and take it  
Now, now  
They left me for dead, I guess they'll never learn  
Every time I break there's just more pain to burn  
They'll never, never, never learn

(Oh, oh, oh)  
'Til the battles won  
'Til kingdom come  
(Oh, oh, oh)  
I'll never run

Best to give me your loyalty  
'Cause I'm takin' the world you'll see  
They'll be callin' me, callin' me  
They'll be callin' me royalty  
Best to give me your loyalty  
'Cause I'm takin' the world you'll see  
They'll be callin' me, callin' me  
They'll be callin' me royalty

They'll be callin' me royalty  
They'll be callin' me royalty

Callin' me royalty  
Callin' me  
They'll be callin' me royalty  
Callin' me royalty  
Callin' me
