Sinking

Egzod

Burn bright, die fast feeling
Left my heart in pieces
Meet you, now you're leaving
And I'm left spinning

Rewind, can't keep going
My mind, keeps replaying
That night, when we dove in
But now I'm sinking
Down, down
Down
Now I'm sinking

Now I'm sinking
Now I'm sinking

Maybe, I made us all up
Summer fling but I thought it was love
Drunken daze, but now it's all over
And I'm stone cold sober

Rewind, can't keep going
My mind, keeps replaying
That night, when we dove in
But now I'm sinking
Down, down
Down
Now I'm sinking

Now I'm sinking
Now I'm sinking
Now I'm sinkin
