

# This Feeling

Egzod

Wake up  
I've been dreaming on too long  
Lost touch  
My reality is gone

Found my way  
To the good old days of oblivion  
Won't look back now  
Hide away  
There's a magic place in my vision

And you can't stop  
And you can't hold

And you can't stop  
This feeling  
And you can't hold  
Back this feeling, feeling, feeling

Can't stop  
This feeling

This feeling

Back up  
Cause I'm letting go tonight  
Alive  
I will always find my light

Found my way  
To the good old days of oblivion  
Won't look back now  
Hide away  
There's a magic place in my vision

And you can't stop  
And you can't hold

And you can't stop  
This feeling  
And you can't hold  
Back this feeling, feeling, feeling

And you can't stop  
And you can't hold

And you can't stop  
This feeling  
And you can't hold  
Back this feeling, feeling, feeling
