

## Time Out

Egzod

Got me losing all my speed  
For a long long time  
Not catching up the heat  
Not getting what I need at all  
Call for time out

I need a timeout, no doubt  
A little time, to clear my mind  
To find what I left behind  
I call for time out  
I call for time out  
I call for time out

I need a timeout, no doubt  
A little time, to clear my mind  
To find what I left behind  
I call for time out

It's like I'm running in a maze  
For a long long time  
I'm counting all the days  
The hurt still remains for sure  
Call for time out

I need a timeout, no doubt  
A little time, to clear my mind  
To find what I left behind  
I call for time out

A little time, to clear my mind  
To find what I left behind  
I call for time out

I call for time out  
I call for time out

I need a timeout, no doubt  
A little time, to clear my mind  
To find what I left behind  
I call for time out
