

# He Who Pulls The Strings Ties A Knot

Eidola

I've learned that lashes steer the ship  
That there's a purpose for the whip  
I ingratiate my demons, they tell you that I don't lose my clip  
I know a man who lives to toil  
He only exists to work the soil  
I emasculate his reason to keep them loyal

You, are you broken, losing focus?  
Friedrich Nietzsche on a bender  
So unstable  
Waiting for something to save  
I can't give back  
All of the light I stole  
(All the light you stole)  
Pretend I never cared at all  
I was made to loathe

I'm telling you that all I know is hate  
And it ate all my faith  
How I wish I was stronger in the end  
When you see me again, can I show you my pain?  
Because we all, we all get lost

Bring me the scalps of every king  
So that the Matriarch will sing  
Televise the final rapture  
Until they decide to pull the strings  
I know a God who'd like to meet you  
Infinite hell that will defeat you  
And if you make yourself my enemy  
Well, I see your point of view

Tell me what you know  
I need to heal you completely  
Who are you now?  
Ooh...

Stop, inward motion  
Seek a vision  
Imitate Nebuchadnezzar  
Bleed your passion or get the fuck out of the way  
I played my part  
All of the lines I wrote  
(The lines you wrote)  
But I can't force you to believe  
I was made to lead fractured men from depravity

I'm telling you that all I know is hate (I know is hate)  
And it ate all my faith  
I wish I was stronger in the end  
When you see me again, (See me again)  
Can I show you my pain? (Show you my pain)  
Cause we all, we all get lost

We all get lost  
Who are you now?
