Lemme tell you 'bout a boy from Utah County
Born with a vision of clarity
Used to have a couple heroes, now they're dead to me
Blow my voice out 'til you get the concept
I'll bare my soul for the real to witness
Come take a listen, it's time to get lifted

You wanna be somebody else?
You wanna run from all this hell?
You ain't got no spine

I'll fight a million men (Fight a million men)
I'll fight a million more (Fight a million more)
Push me to the limit, baby, I was made for war
If I'ma pass the test (Pass the test)
I'ma need a miracle, my God, my God, my God

So you really think I deserve it?
Even though I'm not the man I used to be
Well, I found a new sense of purpose (Purpose)
And it's in something that you can't see
When I show up at the gates of Hell
I'm gonna walk up to the fallen star and take his horns
When the pigs throw me in jail, I'll annihilate the walls that keep me in
Lotus echoes in an endless realm of choice
Hear the wind behind a still, small voice
Father, make me certain

You wanna blame all of your pain on things you can't even explain?
You're so weak and dying out

I'll fight a million men (Fight a million men)
I'll fight a million more (Fight a million more)
Push me to the limit, baby, I was made for war
If I'ma pass the test (Pass the test)
I'ma need a miracle by God, my God
My god

I won't ever give up on you
I won't ever give up on you
I won't ever give up on you
Ooh

I can't imagine what it's like to always call it quits
Passing judgement like you ain't a fucking straight up bitch
My bravado knows no bounds, it's why they call me the king
But you can barely talk, what makes you think you can sing?
Ooh, oh-oh-oh-oh

I'll fight a million men (Fight a million men)
I'll fight a million more (Fight a million more)
Push me to the limit, baby, I was made for war
If I'ma pass the test (Pass the test)
I'ma need a miracle by God, my God
I'll fight a million men (I'll fight a million men)
I'll fight a million more (I'll fight a million more)
Push me to the limit, baby, I was made for war

If I'ma pass the test (Woo)
I'ma need a miracle by God, my God
Oh God
