

What It Means To Be Alone

Eidola

Wake up from a neon dream
Cold sweat dripping from my brow
The world came apart at the seams
So many died to give it meaning
I've been searching for you for so long

Late nights bleeding into dawn
A lit cigarette fills my lungs
How much time do I got left?
Did I do it all for nothing?
Did I do it all for nothing?

Show me a miracle, show me a miracle
I got what it takes to give my life
Wanna be the change I wish to see
Wanna be the man I'm supposed to be
I deal in the spiritual, I deal in the spiritual
I got what it takes to believe
I'm ready to learn, I'm ready to know
What it means to be alone

The cathedrals
Are all empty now
I keep my head tilted down
Mother Mary
Can you hear our cries?

Show me a miracle, show me a miracle
I got what it takes to give my life
Wanna be the change I wish to see
Wanna be the man I'm supposed to be
I deal in the spiritual, I deal in the spiritual
I got what it takes to believe
I'm ready to learn, I'm ready to know
What it means to be alone

The cathedrals
Are all empty now

I can't get back
All the things I lost
All the ones I left behind
I can't get back
All the things I lost
All the ones I left behind
