

## I Don't Wanna Lose

Eiffel 65

Space house of black house of lights  
House of moise you've never heard  
Full of vacuum and crowded of shadows

Space like a watch with no time  
Like a book without an end  
An equation and thousands solutions

I don't wanna lose my belief now ,  
That space  
Somewhere has a limit beyond  
What I see and what I breathe  
I live

I don't wanna lose my belief now  
That space  
Somewhere has an end and beyond  
Who knows what we  
Will find out there  
Somewhere

Space house of black house of lights  
House of moise you've never heard  
Full of vacuum and crowded of shadows

Space like a watch with no time  
Like a book without an end  
An equation and thousands solutions

I don't wanna lose...
