People of Tomorrow

Eiffel 65

Na na na….
CPU Generation,
You are the Nation,
You are the future World.
Today,
you're walking off to school,
With your game boy
But tomorrow you will lead the way.
Computer kids,
Born in the world of PC
Communications,
And the world is what you are
and to become.
People of tomorrow
Na na na…..
CPU Generation,
You are the Nation,
You are the future World.
People of tomorrow
Na na na…..
CPU Generation,
You are the Nation,
You are the future World.

Today,
you're walking off to school,
With your game boy
But tomorrow you will lead the way.

People of tomorrow….
