

# Truth Or Consequence

## Eighteen Visions

You've cut it down  
Down to the bone  
You begin to spite yourself and all that still surrounds  
You've been deceived now  
By what you've sold

Truth gave you the consequence and let and left you all alone  
I lost the feeling in my heart tonight  
When I was holding you think I died  
Your touch  
Your kiss  
It's killing me so slowly I think...  
I lost the feeling in my heart tonight

These streets seem empty  
Not a ghost in sight  
You walk alone now while you become one with the night  
Black cold and heartless  
You'll reap what you sew

Truth gave you the consequence and let and left you all alone  
I lost the feeling in my heart tonight  
When I was holding you think I died  
Your touch  
Your kiss  
It's killing me so slowly I think...  
I lost the feeling in my heart tonight

This ghost  
This town  
Has been turned upside down  
I don't want to believe  
But this ghost is all I see

Truth gave you the consequence and let and left you all alone  
I lost the feeling in my heart tonight  
When I was holding you think I died  
Your touch  
Your kiss  
It's killing me so slowly I think...  
I lost the feeling in my heart tonight
