

## Prove Me Wrong

Eileen Rose

Guess I'm not what you wanted  
Same old dance, same old song  
Guess I know I was a long shot from the start  
Prove me wrong

Caught myself saying the wrong thing  
Ain't it just like me to bring you down?  
Suppose I know, in the morning you'll be gone  
So prove me wrong

I'm one of the hard luck cases  
Scared of wide open spaces  
And love?  
I've never chased down  
Maybe I think you think I've stuck around too long  
So prove me wrong

I'm one of the hard luck cases  
Scared of wide open spaces  
And love?  
I've never chased down

Maybe I think you think I've stuck around too long  
So prove me wrong  
Prove me wrong
