

# Shining

Eileen Rose

Sore hands they're calling rain  
Four stops home  
To share your mama's pain  
Shine like she does

Worn in but he's out again  
Four shots, born to be a ladies' man  
Shine like he does, shine like he does  
They tell me the world still loves a dreamer

Four nights and fare thee well  
Born light, missing one but I won't tell  
Shine like he does

Four strings and a broken bow  
Life sails, this is all you need to know  
Shine like it does, shine like it does  
They tell me the world still loves a dreamer

But there's a blue moon on my birthday  
And there's a bluebird on the balcony  
If I keep on, keep on, keep on  
Keep on, keep on shining

It won't be long before they find me  
Keep on, keep on, keep on  
Keep on, keep on shining

Sore head and I'm calling rain  
Full stop, home to meet my mother's pain  
Cry like she does, try like she does  
Oh, the woman sure loves a loser

And there's a blue moon on my birthday  
And there's a bluebird on the balcony  
If I keep on, keep on, keep on  
Keep on, keep on shining

It won't be long before they find me  
Keep on, keep on, keep on  
Keep on, keep on shining

Keep on, keep on, keep on  
Keep on, keep on shining  
Keep on, keep on, keep on  
Keep on, keep on shining
