

## Space You Needed

Eileen Rose

There you go, you have what you wanted  
You're alone in that space you needed, you said, to be amazing  
and depressed  
Willfully, I guess, 'cause you think it makes you interesting

All you had well you never knew

And you'll never know what just might come through for you next  
Do you want to miss it all just like you missed it then?  
Just like you miss now  
'Cause I know how you are still there hurting  
But won't use words like

"Sorry" or "I was wrong, I should have thought it through"

I should have tried a little harder, loved a little stronger ma  
ybe  
Been a little deeper, spent, a little longer having fun

Knowing things are done so fast  
And they're not coming back  
We're not coming back

Well, now you're there and I'm out of you hair

And I won't tug your sleeve saying, hey why don't we take a wal  
k  
By our ocean, just to talk about nothing?  
And you'd brush your hand against my cheek, maybe whisper somet  
hing sweet  
Like you'd done when it was me  
And not some heavy thing you weren't expecting  
Now I see

How I was wrong, I should have thought it through

I should have seen a little clearer, left a little sooner maybe  
Been a little stronger, spent, a little longer having fun  
Knowing things are done so fast and they're not coming back  
And we're not coming back
