

Could You Would You

Eilen Jewell

Could you
Would you
Hold me in your arms?
Show me all your charms
Or make me sad or make me blue
Could you love me like I love you?
Like I love you

Could you
Would you
Mm, squeeze and hold me tight?
Love me all through the night
Never, ever let me go
Could you love me like I love you so?
Like I love you so

Every time I see you walking down my avenue
I say, "Hi, hi, hi, hi, hi, you all right?"
Just say how do you do
Just like you always do
And if I had you in my arms tonight

Could you
Would you
Mm, hold, hold me oh so near?
While I whisper in your ear
The sweet words you long to hear
Could you love me like I love you?
Like I love you

Could you
Would you
Hold, hold me oh so near?
While I whisper in your ear
The sweet words you long to hear
Could you love me like I love you?
Like I love you
J-j-j-just like I love you
J-j-j-just like I love you, baby
Like I love you
