

## One of Those Days

Eilen Jewell

Well, something's in the air  
Burning hot and sweet  
There's a man over there  
Sittin' in the street

I'm over here  
With a rusted forty-four  
Sittin' on the steps  
Of your back door  
It's one of those days

Well, the only thing that moves  
Is the laundry on the line  
And a dusty dog that bites  
Just to kill the time

If you should find  
You've rolled into this town  
Honey, do yourself a favor  
And roll straight back out  
It's one of those towns

Well, the man I'm lovin'  
He sure do treat me mean  
He's the meanest man  
I most ever seen

I go around  
Tryin' to make amends  
He goes to town  
And screws it up again  
Well, he's one of those men

Well, something's in the air  
Burning hot and sweet  
There's a man over there  
Sittin' in the street  
I'm over here  
With a rusted forty-four  
Sittin' on the steps  
Of your back door  
It's one of those days  
Yeah it's one of those days
