

Rain Roll In

Eilen Jewell

There's only one constant in this whole world
That's nothin' ever stays the same
Someday my life will be over
And no one will remember my name

That's all right, 'cause what's in a name,
And who needs another one to memorize anyway
Make no fuss over my grave
Just plant something pretty and call it a day

Let's just listen to the rain roll in
I don't feel like we gotta do nothin'
The years go by and before too long
Even the very last one is gone
The very last one is gone

No one ever said it would always be good
And if they did they were just wrong
But I've loved it all and I'll miss it when I'm gone
My life's been my art and I've told it in my song

Let's just listen to the rain roll in
I don't feel like we gotta do nothin'
The years go by and before too long
Even the very last one is gone
The very last one is gone
