

# Reckless

Eilen Jewell

You drive me wild  
Like a crazy child  
You leave me breathless  
You don't pay me no mind  
It's all you all the time  
You're selfish

My heart isn't safe  
With you at the wheel  
You don't care if it breaks  
You don't care how I feel  
You better watch the next turn  
We're gonna crash and burn  
You're reckless

You said you loved me the best  
Then you just up and left  
Darlin' you're senseless  
You're a truck with no brakes  
A semi on skates  
Baby you're restless

My heart isn't safe  
With you at the wheel  
You don't care if it breaks  
You don't care how I feel  
You better watch the next turn  
We're gonna crash and burn  
You're reckless
