

Thanks A Lot

Eilen Jewell

You're tellin' everyone in town that I don't treat you right
You even say I stay away and don't come home at night
I'm losin' you and you are all I've got
Thanks a lot, thanks a lot
It seems you like to hurt me even though I'm good to you
I'd give you everything I own do anything you want me to
Now you've really got me on the spot
Thanks a lot, thanks a lot
Still I would forgive you if you'd let me
I'd be glad if we could try again
But it seems that you're just out to get me
And it looks as if you're just about to win
No matter what you do I always will love you
And you will never know how it hurts to see you go
After callin' me those things you know I'm not
Thanks a lot, thanks a lot
Thanks a lot, thanks a lot
