

# Lights Out

Eisley

Away with me  
Away with you  
Away with sight  
And all its darkness

Well find a shell  
We'll crawl inside  
Bodies make homes  
And no one can take that away  
No one can take that away  
No

Lights out  
I'm on your feathers  
Wings out  
I'm a bird, I'm a bird  
Mountain tops  
Make me feel better  
When we're aloft

Boat at sea  
See it float  
We drown if there's no hope  
Take my hand, lets step outside  
See? We are still home

Awake from your sleep  
Awake from your slumber
