

## Lost And Found

Eisley

I feel so good inside  
And from my left side you won't take it  
From my right side you won't take it  
No, you won't  
And let me tell you how it happened  
To me  
I was standing alone  
Waiting for you to come home

But you make the world go 'round and 'round  
Like they rode all my hopes down  
I'm lost and I'm found  
And it just so happens it'll happen to you too  
Aahhhh, woooaah

I was so wrong about you  
And first and foremost  
Let me apologize  
'Cause I realized  
How unorganized  
My thinking was  
'Cause you are  
Impossibly generous  
Ooh, oh

But you make the world go 'round and 'round  
Like they rode all my hopes down  
I'm lost and I'm found  
And it just so happens it'll happen to you

I would if you would too  
I would if you pulled through  
I, I am saving you for last

But you make the world go 'round and 'round  
Like they rode all my hopes down  
I'm lost and I'm found  
And it just so happens it will happen to you  
Ooooooh I'm lost and I'm found  
And it just so happens it will happen to you too
