## **Please**

I, I Lost, lost All respect, admiration, and Trust, trust I was just, just Following my heart And he tells me he's unfaithful So now I need for you to tell me it's alright Please, oh please Don't do this to me, baby Please, oh please Don't get over me I fall, fall You were there, there To expose it, what a smooth plan I should've seen, seen Through your disguise, surprise You've found a replacement And he tells me he's faithful But I know better now So please just tell me it's alright

Please, oh please Don't do this to me, baby Please, oh please Don't get over me

I'm sorry you've got so much Against you coming into this I appreciate your patience I know that you've been hurt too Ohh, we're black and blue But baby, let's make this work out Cause I'll always be around I wanna be with you forever

Please, oh please Don't do this to me, baby Please, oh please Don't get over me, oh baby Please, oh please Don't do this to me, baby Please, oh please Don't get over me **Eisley**
