

## Only A Friend Of Mine

Eivør Pálsdóttir

Who's knocking on my front door  
It's just a friend of mine  
Just an ordinary friend of mine

Likes to come around sometimes  
It's only the friend of beggars  
Only the friend of the poor man  
Only the friend of justice true justice  
Is the friend at my front door

Only the friend of little children  
Only the friend of all the animals  
Only the friend of the moon and stars  
And this little earth of ours  
Is the friend at my front door

Only the friend of of love  
Only the friend of hope  
Only the friend of peaceful resolution  
Is the friend at my front door
