Ekali

I burn, burn, burn, burn  
Ice cold, cold, cold, cold  
Ooh, oh

Used to have no way to [?]  
Ooh, oh  
I didn't want you 'cause I got it on my own  
I needed a thing to help keep you around  
'Til now, 'til now, 'til now

Only see you when I'm dreaming  
Only want you for one reason

And I got it, yeah I got it  
Yeah I  
Yeah I, got it

[?] coming quite often

Don't try run [?]  
Oh where you hide  
I feel your fire  
Deep down inside  
So tell me  
You want it all  
And stay for you  
To catch my fall

Only see you when I'm dreaming  
Only want you

Oh

Didn't want you 'cause I, 'cause I, 'cause I want you on my  
Didn't want you 'cause I, 'cause I, 'cause I want you on my own  
Didn't want you 'cause I, 'cause I, 'cause I want you on my  
Didn't want you 'cause I

I burn, burn, burn, burn  
Ice cold, cold, cold, cold
