

# Blame

Ekali

You say that I'm not the reason  
The reason for you to stay  
Sometimes you got to believe it  
Believe I'm not causing shame  
Never thought I'd hear you say  
I'd be replaced when you need your space  
Every time I hear your name  
It ain't the same you changed your ways

Not the reason for your pain  
Not the one who should be blamed  
Not the type to play these games

You say that I'm not the reason  
The reason for you to stay  
Sometimes you got to believe it  
Believe I'm not causing shame

Not the reason for your pain  
Not the one who should be blamed  
Not the reason for your pain  
Not the type to play these games
