

# Runaway

Ekali

Yeah, been doin' this, ball and don't quit  
Yeah, I've been savin' these chips  
Look, I'm goin' out on a limb  
I know it's sink or it's swim, woo  
I haven't prayed in awhile, I need guidance  
I've been depressed for awhile, I need light

Shit outta line, I'ma sprint outta here like a forty dash  
I'll pay a price if I stay out of fear, I'ma hit the gas  
I want the love and respect, only shit that I'm greedy for  
These days pray this the only thing that I'm leanin' towards

I can't be out here thinkin' what if, yeah  
I can't be out here on the fence, no  
Now is 'bout time I start headin' out  
I'm goin', goin' goin', goin' goin', goin'

Makin' change 'cause you changed  
Runaway, runaway  
Don't be afraid through the race  
Runaway, runaway, uh

Quick as a bullet I saw opportunity, yeah  
You can bet that I took it, look  
I hit the earth with a vengeance  
I made that bitch shake and now everyone lookin'  
I had to get on the road and I ain't never look back  
I did this shit on my own, now look at where we at

Shit outta line, I'ma sprint outta here like a forty dash  
You was never 'bout the money, girl, it was more than that  
Couldn't stay no more, I'll be honest now, I had to go  
'Cause now I gotta know who's

I can't be out here thinkin' what if, yeah  
I can't be out here on the fence, no  
Now is 'bout time I start headin' out  
I'm goin', goin' goin', goin' goin', goin'

Makin' change 'cause you changed  
Runaway, runaway  
Don't be afraid through the race  
Runaway, runaway  
Makin' change 'cause you changed  
Runaway, runaway  
Don't be afraid through the race  
Runaway, runaway
