

f*ck everything!

EKKSTACY

I want to take you out
But you hate everything
It's not fair
When I talk to you, it's like you're not there

Girl, wake up, wake up, wake up, wake up (I'm right here, I'm right here)
Girl, wake up, wake up, wake up, wake up (I'm right here)

Fuck everything! (yeah, yeah, yeah, yeah, yeah, yeah)
Fuck everything! (yeah, yeah, yeah, yeah, yeah, yeah)
Fuck everything!
I gave you all I had
You gave me nothing back
I gave you all my self
And now there's nothing left, (fuck everything!)

And now there's nothing left (fuck everything!)

I want to work this out
But you won't talk to me
You don't care
I'm giving up, we're going nowhere

Girl, wake up, wake up, wake up, wake up (I'm right here, I'm right here)
Girl, wake up, wake up, wake up, wake up (I'm right here)

Fuck everything! (yeah, yeah, yeah, yeah, yeah, yeah)
Fuck everything! (yeah, yeah, yeah, yeah, yeah, yeah)
Fuck everything!
I gave you all I had
You gave me nothing back (fuck everything!)
I gave you all my self
And now there's nothing left (fuck everything!)

And now there's nothing left

Fuck everything! (yeah, yeah, yeah, yeah, yeah, yeah)
Fuck everything! (yeah, yeah, yeah, yeah, yeah, yeah)
Fuck everything!
