EKKSTACY

I saw it coming, but I still thought that you could change  
Am I enough for you, it doesn't matter anyways  
And I know I've been gone  
But just two weeks, it didn't take you long

It's not fair  
I can't ever get away  
From this I swear  
I saw it like I was right there  
It's alright  
It's alright  
Because no one know you like I did!  
Hey! Hey!  
Hey! Hey!

I saw it coming  
I saw it coming  
I saw it coming  
But I didn't think it'd be so soon

It's not fair  
I can't ever get away  
From this I swear  
I saw it like I was right there  
It's alright  
It's alright  
Because no one know you like I did!  
Hey! Hey!  
Hey! Hey!
