Watch the world burn as my head turns
Lies and concerns make my heart yearn
Watch the world burn as my head turns
Lies and concerns make my heart yearn

Why does this bitch gotta lie? Yuh
Demons made me run it high, yuh
I look that bitch in the eye, and
She told me she wanna die in my arms
I said my wrist ain't doing no harm
I cut that bitch from her wrist to her arm
Mental security, sound the alarm
Mental security, sound the alarm

Watch the world burn as my head turns
Lies and concerns make my heart yearn
Watch the world burn as my head turns
Lies and concerns make my heart yearn
