EKKSTACY

I can't explain why I'm saying this  
Tell me why you're listening  
I'm a loser, of course, I'm clueless  
Of all my friends, I might be stupidest  
Stop lying to yourself

I'm stuck in a hole, it's getting deeper  
Or I'm going in a circle  
See, I'm just like a mole  
I can't see at all

But I just have to make it home  
I've been gone so long  
So my friends will forget me  
Like they didn't ever know  
All alone  
Mr. mole
