I have seen things  
I can dream things  
Never been the same  
Scar my body  
Leave me rotting  
Think that I'm insane

I'll still sing the torch of my body instead  
Let deeper, soggy, and knife in her head  
I step up, play in her guts, she bled  
Gaze in the sky, I wanna paint this in red  
"Don't kill my children" it's the last thing she said  
Deep in the grave, fuck I feel no regret  
Don't have a dog on my team as my pet  
I use that bitch for a son of her sake

I have seen things  
I can dream things  
Never been the same  
Scar my body  
Leave me rotting  
Think that I'm insane
