

she will be missed

EKKSTACY

You're off me
She will be missed
Everything that we did
It's gone like we didn't

And I can't move on
You don't wanna come
No I, I'm not taking time from her
I regret so much I've done
I'm not choosing a side
I'm not choosing a side you've already chose for me
I'm stuck in your cold I'm freezing

And I can't move on
You don't wanna come
No I, I'm not taking time from her
Oh, oh
I, I
And I can't move on
You don't wanna come
No I, I'm not taking time from her
