EKKSTACY

It's summer time  
You made it out  
Soon I'll be ashes  
In the ground  
I scream your name  
You shut me down  
I feel a sadness come around

Ooh-ooh-ooh  
Ooh-ooh-ooh  
Ooh-ooh-ooh

And I just need a shoulder  
To rest my head  
To calm my heart down  
It's not the end

You won't change  
You'll stay the same  
Keep on lying right to my face  
I'm so cold  
You're the rain  
I see a sadness in your face

Ooh-ooh-ooh  
Ooh-ooh-ooh  
Ooh-ooh-ooh

And I just need a shoulder  
Need a shoulder  
To rest my head  
To rest my head  
To calm my heart down  
Calm my heart down  
It's not the end
