

Uncomparable

EKKSTACY

(I did all this for you, but you don't know)
You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable

You're uncomparable, I'm fuckin' terrible
I cut my wrists and cry alone, I swear that I don't got no place to go
The pain's unbearable, you're irreplaceable
I'll never love you, like I said, I'll end up on my own

I've been actin' crazy, she don't want me lately
(You're uncomparable, you're irreplaceable)
I know that I'm alone
(You're uncomparable, you're irreplaceable)
Xanny make me crazy, I think that they hate me
(You're uncomparable, you're irreplaceable)
But I fell on my own
(You're uncomparable, you're irreplaceable)

You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable

You're uncomparable, I'm fuckin' terrible
I cut my wrists and cry alone, I swear that I don't got no place to go
The pain's unbearable, you're irreplaceable
I'll never love you, like I said, I'll end up on my own

You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable
You're uncomparable, you're irreplaceable
