

what's wrong with me

EKKSTACY

Woke up in your bed
I'm still faking
What's wrong with my head?
How long can I take it?

I had a dream
I felt it when I woke up
Magazine photos
They're all used up

Blood in my veins
It's like it, I can feel it
Walk around town
Nobody can see me

I had a dream
I felt it when I woke up
Magazine photos
They're all used up

I had a dream
I felt it when I woke up
Magazine photos
They're all used up
