

Again

Ektomorf

I been down this road
Not so long ago
But now I'm weak and down
I can't do this anymore
Time is passing
But nothing and no one change
I was really hoping for the better
But every one just stay the same

But the pain get stronger
The tears are getting bitter
How can I believe in something
When it always makes me hurt
When it always makes me hurt

Look in to my eyes
I know who I'm
Even if it takes a thousand years
I will find my home again
Just look in to my eyes
You know who I'm
Cause even if it takes forever
I'll find my home again
I'll find my home again
I'll find it again

Life is a storm
And love is supposed to be the shelter
I felt I found my safe place
But it was just a mistake
And now here I am
Lost my faith in all
There is not so much left inside
And I don't care at all

It feels like forever
It's incurable pain
Why it happened to me
Maybe it has to be this way
It just has to be this way

Look in to my eyes
I know who I'm
Even if it takes a thousand years
I will find my home again
Just look in to my eyes
You know who I'm
Cause even if it takes forever
I'll find my home again
I'll find my home again
I'll find it again
