

# Kill It

Ektomorf

Rape and shaming  
Abuse and torture  
Bloodthirsty anger  
Mayhem and murder

Who do you think you are  
You have the right to kill some  
Useless law and human rights  
That's no justice you must die

Kill you  
Kill you and burn your body  
Kill you and burn

Court and jail  
Is that all you get?  
I just can't be - live it  
This makes me mad

You killed that girl you took her life  
How can you live with this in your mind  
Her family is in endless grief  
That's no justice you must die

You can say you sick  
That's no excuse you must die  
Face her family  
You took their life you must die  
Die!
